

**IoT Lab**

[www.iotlab.com](http://www.iotlab.com)

# **International expertise in Internet of Things and data protection**

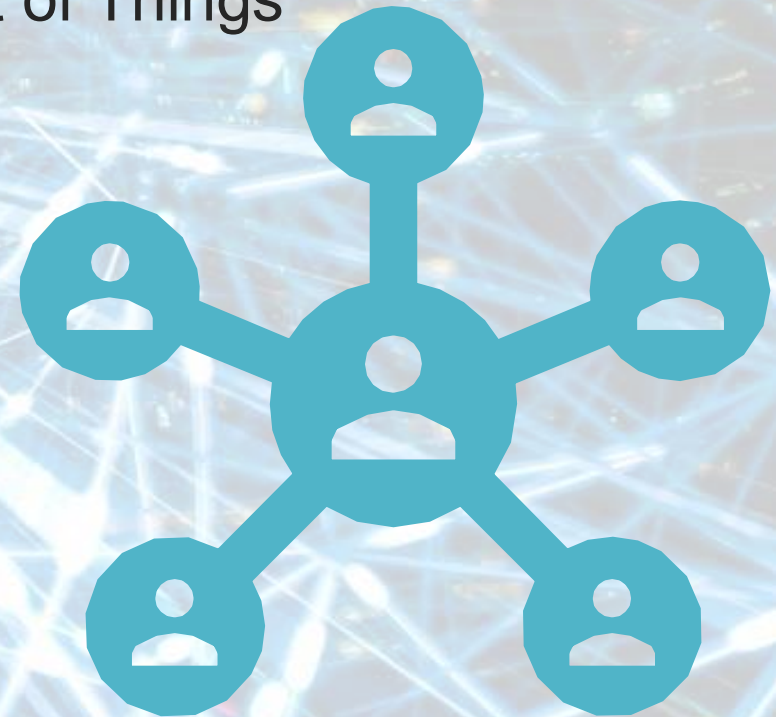

A Geneva-based international platform to grasp the future of the Internet of Things

**From research to large-scale exploitation...**

**...our mission is to transform problems and ideas**

# IoT services

- IoT Problem Solver
- One-stop-shop for adopting and deploying Internet of Things
- IoT Access, control and monitoring

# Privacy and security

- RGPD
- DPIA
- CSAR
- DSPPS
- ISO/IEC 27001

# Testlab

- Specialised lab to research, develop and test IoT
- Testbed as a service

# Tech transfer

- Technology transfer and standardisation

# SDGs

- Promoting IoT for Sustainable Development

# Network and community

- A platform to network, promote and partner
- A voice for our Members
- International Network of Experts
- IoT Forum
